Brief Report

The Bhoomithrasena club of the college came to commemorate world mosquito day. As part of this day, students of our college participated in an extempore competition based on "Role of climate change in accelerating mosquito borne diseases".The aim of this event is to promote awareness to themselves and others that all serious threats have been coming through mosquito (bites). For this event thirteen students participated, among them three winners got certificates in our merit day. Coordination and participation made this event successful.
