Brief Report

World environment day was observed with the active participation of the P.T.A, and the students .Beautification of campus by planting new trees was the highlight of the day . Retired Botany Professor of Fatima Mata National College , Kollam Dr Dicruz , took a class on the threatening issues faced by the environment. Posters were prepared by the students on the importance of environmental protection. The programme ended with a pledge by the students that they will protect the environment and preserve it for the future generations.
